## Worth Careful Thought

Do you read the label to know whether your baking powder is made from cream of tartar or, on the other hand, from alum or phosphate?

Royal Baking Powder is made from cream of tartar, derived from grapes, and adds to the food only wholesome qualities.

Other baking powders contain alum or phosphate, both of mineral origin, and used as substitutes for cream of tartar because of their cheapness.

Never sacrifice quality and healthfulness for low price.

by consular representatives of the United States in England and France. Tangible evidence of some kind is expected by the State Department. Dispatches already received indicate that several Americans were injured or killed as a result of the Sussex disaster. Four American citizens who were aboard the Englishman and who were said, in dispatches, not to be among the rescued, still are unaccounted for.

### SIX LIVES SNUFFED OUT IN FIRE.

San Antonio, Texas.—Six persons lost their lives in the burning of the fashionable San Antonio Country Club. Five of the victims were guests at the club, which was the scene of several week-end parties, bringing together a large number of persons prominent in social and business circles of the Southwest. The fire had its origin among some buckets of paint in the basement of the three-story frame clubhouse. It spread rapidly to a stairway leading to the first floor and rapidly communicated to the other two floors above. About 15 guests asleep in the building had narrow escapes.

## "Weatherproof Paint"

Quick changes in weather and temperature are a severe test for any paint, but Hanna's Green Seal will "hold up" every time. It's put together with this all-weather feature in view.

## Hanna's Green Seal

has been time-tried and proven. Considering the space it covers and the wear it gives, there is no cheaper paint to be had.

It helps the appearance of both cottage and mansion. Try it next time.
